

# Critical Illness Insurance

## ▶ HELPS PROTECT YOUR FINANCES FROM AN ILLNESS.

When you, your spouse or child is diagnosed with a covered condition, you can receive a cash benefit to help pay unexpected costs not covered by your health plan.

## ▶ HELPS COVER RELATED EXPENSES.

While health plans may cover direct costs associated with a critical illness, you can use your benefit to help with related expenses like lost income, child care, travel to and from treatment, deductibles and co-pays.

## ▶ PAYS A CASH BENEFIT DIRECTLY TO YOU.

Critical Illness insurance can be used however you want, and it pays in addition to any other coverage you may already have.

What's more, all family members on your plan are eligible for a wellness-screening benefit, also paid directly to you once each year per covered person.

*With Critical Illness Insurance, you also get access to health care support services. You can talk with medical and claims experts about your medical coverage, benefits, diagnosis and treatment options.*

## When would I need the Recurrence Benefit?

Sometimes people are diagnosed with the same condition twice. If this happens to you, and 12 consecutive months have passed between the first and second diagnoses, we'll pay you an additional benefit (the amount of which is noted in your Certificate). Only the conditions marked (R) in the table above are eligible for the Recurrence Benefit. Once a Recurrence Benefit has been paid, no additional benefit will be paid for that critical illness.

## Frequently asked questions

### Do I need to answer any health questions to enroll?

If you contribute to the cost of your insurance, you may need to complete health questions if you don't elect coverage when it's first available to you and you want to elect at a later date, or if you want to increase coverage. To answer health questions, please fill out our Evidence of Insurability application. Health questions must be approved by Sun Life before coverage takes effect. Please see your Certificate for details.

### What if I have a pre-existing condition?

If you are diagnosed with a covered critical illness within 12 months of your insurance taking effect or 12 months following any increase in your amount of insurance, we will not pay any benefit for any pre-existing condition. A pre-existing condition includes anything you have sought treatment for in the 12 months prior to your insurance becoming effective. Treatment can include consultation, advice, care, services or a prescription for drugs or medicine.

### How do I file a critical illness claim?

If you have a diagnosis after the effective date of coverage, you can file a claim with us by downloading forms from our website. We'll ask that you and your doctor provide information about your medical condition.

### How do I get the Wellness Screening Benefit?

You may be paid the benefit when you or a covered family member submit proof of a covered screening each year, like specific blood tests, cancer screenings, cardiac stress tests, immunizations, school sports exams and more (may vary by state). The claim form can also be downloaded from our website.

### Can I receive benefits for more than one critical illness?

Yes. In order to receive benefits for more than one critical illness, there must be at least 6 consecutive months between each diagnosis date. You can only claim benefits once for each covered condition unless a recurrence benefit is payable.

### How is my benefit taxed?

If you or your employer pay for all or part of the cost of coverage on a pre-tax basis, some or all of your benefit amount will be tax reported on a Form 1099 as taxable income. Please reach out to a tax advisor or your employer if you have any questions.

### Can I take my insurance with me if I leave my employer?

Depending upon state variations and your employer's plan, you may have an option to continue coverage when your employment terminates. Your employer can advise you about your options.
